

## **Scotts UPS Power Protection Ltd**

Unit 71,  
Shrivenham Hundred Business Park  
Majors Road  
Watchfield

### **QUALITY POLICY STATEMENT**

Scotts UPS Power Protection Ltd Quality Policy is to deliver only the highest standard in print and display solutions based on a culture of 'right first time, on time'. This will enable the company to secure continued profitable growth.

This will be achieved as a result of continued investment in state-of-the-art digital technology, employee training and personal development in order to deliver value for money and the finest contemporary print and display solutions.

Scotts UPS Power Protection Ltd has adopted a Quality Management System (QMS) that addresses ISO 9001. All employees are individually responsible for quality approval of their work before allowing work to move to the next department in the manufacturing chain. Scotts UPS Power Protection Ltd team structure promotes excellent communication and competitiveness as key drivers to perpetuate continuous learning and efficiency as part of our quality improvement strategy. Our Quality Cycle provides a mechanism to identify key non-conformance trends as a basis for corrective action and ensures that continuous quality improvements are made throughout all stages of the manufacturing processes. Scotts UPS Power Protection Ltd Board and senior line management play an active role in providing employee training to help them achieve continuous improvement in quality and service standards of the company.

A handwritten signature in dark ink, appearing to read 'Paul Anderson'.
